

FABE BIMA POPULATION
MUNDEMBA SUB-DIVISION
5th April 2011

THROUGH : The sub perfect, Mundemba
TO : SGSOC (HERAKLES FARMS) Representative.

Subject: DEMARCATATION OF NATIONAL LAND FOR SGSOC LTD.

We, the entire population of Fabe Bema wishes to express our gratitude to SGSOC Ltd For thinking that our village could be amongst those to be covered by this giant AMERICAN GROUP, HERAKLES FARMS for us to enjoy the many lofty benefits by This company.

But sir, giving that good chunks of our national land have been ceded to Ikondo kondo for the Resettlement programme, and the Mundemba councils forest, we are therefore left with little or no national forest sufficient to accommodate the present, talkless of the future generation.

The other chunk of land we thought could be ceded to SGSOC Ltd is already under development by meangwe II which we are hosting, which land again, is not enough for future expansion by the growing population of meangwe II.

We want therefore to REGRET our inability to afford to SGSOC any Land for her project.
ON BEHAVE OF THE POPULATION, WE REMAIN YOURS FAITHFULLY
